Client Relationship & Stakeholder Management | Team Leadership | Ecommerce Feed & Campaign Operations | Escalation Management

PROFESSIONAL SUMMARY

Operations leader with 9+ years of all-round ecommerce experience spanning implementation and client onboarding, feed optimization, integration into ecommerce platforms and marketplaces, and end-to-end resolution of channel disapprovals. Runs advertising campaigns across Amazon, Google and Meta, analyses performance through analytics, and applies business intelligence strategies and tools to drive campaign optimization. Leads and coaches an 8-person analyst team across EMEA and APAC while owning client relationship management across voice, chat and email support, from requirements gathering through delivery and post-delivery support. Operates within defined SOP and KPI frameworks, balancing senior-leadership reporting and escalation ownership with hands-on day-to-day delivery. Advancing an MBA in Business Analytics alongside Amazon Marketing Cloud (AMC) and Google Analytics 4 (GA4) certifications.

EXPERIENCE

Senior Team Lead — Client Operations & Feed Enrichment | Sept 2022 – Present

Feedonomics India (Cube27), Remote

- Own implementation and onboarding for new and expanding accounts — leading client calls, documenting requirements and technical specifications, and translating them into executable work for the analyst team.
- Lead feed optimization and enrichment across enterprise retail catalogs, providing hands-on technical guidance on attribute mapping, transformation logic and troubleshooting.
- Own post-QA export creation and publishing across ecommerce platforms and marketplaces — Google Merchant Center, Meta Commerce Manager, Amazon Seller Central and eBay — and lead root-cause investigation and resolution of feed disapprovals to keep catalogs live and compliant.
- Built and evolved the team's operations tech stack for metrics, QA and coaching — from Zoho Desk and Toggl, to the Zendesk Suite with Tymesift and Klaus, to the current Salesforce CRM with Genesys Cloud CX setup — turning activity, CSAT, TTR, FRT, quality and escalation data into a single structured source for performance analysis and reviews.
- Lead and coach an 8-person data feed analyst team spanning EMEA and APAC portfolios, running a structured 1:1 cadence, quality reviews and individualized coaching plans that sustain feed accuracy and on-time delivery.
- Serve as primary point of contact and escalation owner for enterprise accounts across the full engagement lifecycle, resolving cross-functional and peer-manager conflicts by realigning stakeholders around shared client outcomes.
- Spearheaded a client-facing A/B testing AI categorization initiative across 20+ countries, lifting match accuracy from 76.41% to 98.73% in partnership with AI tech teams — managing scope, team and deadlines to a client-approved outcome.

Advertising Support Team Lead | Sept 2021 – March 2022

Amazon Development Centre, Bengaluru, India

- Led a 6-person team delivering voice, chat and email support to Amazon advertisers, sellers and vendors — resolving queries within SOP and escalating complex technical issues to AdOps/AdTech teams.
- Held the team accountable to RR, FCR and AHT KPI targets through SWOT-based coaching and structured recurring 1:1 feedback cycles.
- Partnered with cross-functional teams and peer managers to resolve process conflicts and elevate service-delivery standards.
- Designed and delivered hands-on training on Amazon Advertising platforms, strengthening client communication and account-management consistency.

Advertising Support Associate | Jan 2020 – Aug 2021

Amazon Development Centre, Bengaluru, India

- Supported advertisers on PPC and DSP campaign performance, SOP adherence and issue escalation, serving as Subject Matter Expert for the support queue.
- Contributed to digital marketing strategy discussions, tracking CTR, CPC, ROAS, CPM and ACOS reporting and supporting oversight of client advertising campaigns.
- Identified automation opportunities and built proof-of-concepts that streamlined client support workflows.

Certified Specialty Mentor — Vendor Contact Management | July 2018 – Dec 2019

Amazon Development Centre, Bengaluru, India

- Mentored 8 teams of 5 associates on Amazon Seller/Vendor Central, Amazon Advertising and Amazon DSP, raising client-communication proficiency and support quality org-wide.
- Guided teams through complex, ambiguous client support and escalation scenarios as Subject Matter Expert and Acting Associate Advisor.

Vendor Contact Management Support Associate | Aug 2016 – June 2018

Amazon Development Centre, Bengaluru, India

- Delivered email, phone and chat support across account management, catalog/listing, promotions, shipping, billing and returns; coordinated shipments and inventory across multiple fulfillment centres.
- Recognized as Best Associate for multiple weeks and Employee of the Month multiple times over two years.
